Summer Reading 2010

Dear Students and Parents,

“Children who read throughout the summer gain skills, start the school year with a better understanding of language and the world around them, and discover the joys of reading.” ~Carol Rasco, Reading is Fundamental (RIF)

Take time to encourage reading as a leisure time activity this summer.

Log onto www.rif.org to discover **RIF** related activities on the RIF Reading Plant Activity Lab, Book Zone, Express Yourself, and Game Station. There is a lot for kids to discover with new features to promote reading, like Picture Pairs of Memory Games, Author and Illustrator Interviews, and a Summer Reading Contest.

Come explore www.bookadventure.org to motivate reading and experience the rewards of success. **Book Adventure** enables children to select appropriate grade level literature from more than 7,500 titles, encourage comprehension by taking short quizzes, and receive incentives to read by redeeming their accumulated points for small prizes. Book Adventure also offers parent resources and tips to help children develop a lifelong love of reading.
