The parent newsletter will continue to come home monthly and is also available for viewing on our school webpage. A few points of interest are as follows:

- The Parent Information Envelope (P.I.E.) will continue to go home every Wednesday with return on Thursday. Family items will go to oldest/only. **Any information for the PIE must be received by Tuesday A.M.**
- The school handbook is now on-line. A sign-off sheet will be sent home in the PIE requiring your signature indicating agreement.
- Information regarding the Swine Flu has been mailed to all our families. We are awaiting confirmation from the Allentown School District as to the availability of vaccinations for our students. We will keep you up-to-date.
- The mandatory First Star Tuition Program is in place and we thank you for your patience and support as we move through the first few months.
- Our Open House programs for both the main and annex building were successful and well-attended. If there is a question or concern, please do not hesitate to make contact with the school.
- If there is a change in your child's dismissal procedure during the day, please call the school office as the faculty does not have the opportunity to check e-mails during the day.

FYI: Last summer, in compliance with the U.S. Environmental Protection Agency (EPA) and the Asbestos Hazard Emergency Response Act (AHERA) an inspection for asbestos containing building materials was performed at each of our Allentown Diocesan schools. A copy of the inspection reports is on file in each school's administrative office. Every 6 months regular asbestos inspections are made by our maintenance staff. These regular inspections insure the safety of all of our students.

I thank you for your cooperation and trust. I ask your prayers for our children and faculty members as we join together to bring our children to know and to live the Christian message of the **Good News of Christ**.

Sincerely,

Mrs. Robin Fredericks
